Art Unit: 1773

1. The following is an examiner's statement of reasons for allowance: In view of the applicants arguments, the examiner has withdrawn the election / restriction requirement. During the prosecution of the file the examiner maintained the position that "topographical surface area" is always larger than the "projected surface area" because no surface is perfectly smooth; this is a statement of physical fact. The examiner was convinced by the applicants' additional recitation that the ratio of these two areas is at least five. The examiner has withdrawn the rejection of this term under 35 USC 112 first paragraph since the applicant have shown where they have support for the limitation. The prior art makes no mention of the amount of puckering or surface area of the films.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to D. Lawrence Tarazano whose telephone number is (571)-272-1515. The examiner can normally be reached on 8:30 to 6:00 (off every other Friday).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Paul J Thibodeau can be reached on (571)-272-1516. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Application/Control Number: 09/845,946
